Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I cannot see the practicality of this application. Whitehill Road is a very busy road with much roadside parking further increased by the queuing traffic as it tries to dodge in and out in-between parked cars, and many cars parked on pavements impinging pedestrians, disability scooters and pushchairs. We have already had a new housing development created in the form of Woodside Mews; and adjacent roads: Coombe Road, Canterbury Road and Laurel Avenue are heavily parked; parking on corners is commonplace as well because of the shortage of parking. Where on earth, would cars for this proposed multi-occupancy property go?

Kind regards
