Reasons for comment:	
Comments:	I'm resubmitting to clarify on my husbands comments from a couple of days ago as I noticed he got his dates round the wrong way. The height and depth of the extension will be very intrusive along our boundary making it seem like a prison yard on our patio. As our garden faces west, the sun will be completely blocked out by this extension from October to March, when the sun is low in the sky and during the summer months we won't see the sun in our garden until after 2pm Also there is a 6 inch public sewer running across the garden approx 5m from the back of the house which needs consideration.

Kind regards
