Reasons for comment:

Comments: Dear Mrs Sahota

I would like to make formal objection to this development. The submitted plans do not look like the actual development. The lower extension looks to now be 2 additional rooms The loft extension overlooks the gardens on either side which will result in a loss of privacy to those neighbours.

This property looks to be becoming a house of multiple occupancy which is not conducive to the wellbeing of the residents on this street. Most houses are occupied by singles, couples or small families. An HMO generally means only one thing. There has been much in the press recently about this situation and it is not good. This is not the right road for this to happen.

We also have a significant problem with parking on this road and the possibility of having extra cars is going to make this situation much worse.

Kind regards
