Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the proposed housing development on this farmland. This land supports local wildlife and biodiversity and its loss would cause irreversible environmental harm. Once farmland is lost to development, it cannot be replaced. This proposal would permanently change the character of the area and place additional strain on already stretched local services, including the doctor's surgery. Productive farmland is a limited resource, and housing should be prioritised on brownfield sites rather than sacrificing rural land and community infrastructure.

Kind regards
