Reasons for comment:	
Comments:	I object buildings to take place ! There will be no privacy. Lack of light which will be unsafe for school children and pensioners to walk through . The traffic will increase and risk of flooding in area! You talk about helping the environment but this a country area full of green which we need and you destroying it by building new properties on there making it unhealthy for the environment due to increase of traffic , probably more potholes creating etc too!

Kind regards
