Thank you for your further consultation in relation to the above planning application. I have the following comments to make with respect to highway matters :-

It is noted that since our previous comments, there do not appear to be any changes to this application relating to the highway aspects of this proposal.

Consequently, my previous comments dated 14/03/24 still stand and the additional information requested would still be required to fully assess the proposals from a highways perspective.

Yours faithfully

Director of Highways & Transportation
