Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>This is precious &amp; beautiful green belt land which is used for growing much needed crops for food production.</p> <p>Building on this land would ruin the look of the village - many locals regularly walk across the right of way on this field and it provides a beautiful outdoor space for residents and visitors to enjoy without light and noise pollution which is much needed for mental health.</p> <p>I am very concerned re the additional traffic in the village which is already often snarled up at peak times &amp; all day when there are roadworks or issues on the nearby A2. It is not a wide road and access would be dangerous. Local side roads are single lane without pavements and are unable to absorb any additional traffic.</p> <p>The Lower Thames Crossing will also increase traffic flow.</p> <p>Commuter peak time trains from Meopham &amp; Sole Street are already full resulting in passengers having to stand. Bus services are also limited. Additional strain would be placed on already overstretched GP services &amp; Darent Valley Hospital/NHS Services</p>

Kind regards
