## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The narrow lanes can just about cope with the traffic already coming through the village especially when M20 or other motorways are closed.</p> <p>The impact of possible extra 300 cars on the road will have a negative impact on already congested roads.</p> <p>The extra fumes and noise will be harmful to humans and wildlife. The loss of farming land will have a negative effect on food supply for local and non local communities.</p> <p>The wildlife currently residing in the fields will be impacted and I understand that there are bats living in the field. The beautiful open greenspace has a positive therapeutic affect on local residents and visitors (walkers, cyclists).</p> <p>Loss of this space will have a negative affect on well being.</p> <p>Noise and more pollution during the construction period in this lovely area will also have a negative impact on local residents which could affect mental health.</p> <p>There are lots of older people living here who feel devastated at the fact that village life will disappear and be replaced by a sprawling town.</p> <p>This is not what Meopham is about.</p> <p>The GP service will be heavily impacted and will become not fit for purpose. The parking for local shops which isn't brilliant now will become so bad with all the extra cars their businesses could be affected as people might just give up trying to park and go elsewhere.</p> <p>Please don't build on the green belt and spoil the beauty of the area.</p>

Kind regards
