Reasons for comment:	
Comments:	<p>This site is currently prime agricultural land and should continue to be so. The UK needs to maintain as much agricultural land for food production as possible, not build on it.</p> <p>There is poor access to this site onto roads that are already too busy for their size and condition.</p> <p>There is already limited access to village education and medical facilities for current residents. We cannot support many more</p>

Kind regards
