Reasons for comment:

Comments:	<p>Building 350 houses will have a detrimental affect on the character of the village. It will increase noise and light pollution and increase traffic on our already busy roads.</p> <p>The infrastructure isn't in place to cope with potential extra 1000 plus people from this application and over a 1000 from the other two.</p> <p>Where are the schools. Where's the doctors surgery?</p> <p>The noise and fumes from all the extra cars will be extremely damaging to humans and wildlife.</p> <p>It will heavily impact mental health when we see our beautiful greenspace disappear before our eyes. Taken up by bricks and mortar.</p> <p>Where are all the extra people going to shop?</p> <p>The little parade opposite green lane?</p> <p>There's hardly any parking now let alone for potential 700 plus cars from this development and all the extra cars from the other 2 developments.</p> <p>Potentially allowing this application and the other 2 will destroy the historical village character and well being of the residents. The village has lots of older residents who don't go far and their saving grace is to be able to enjoy the beauty of their neighbourhood.</p> <p>This is a countryside village not a town.</p> <p>We don't want a town otherwise we would live in a town.</p> <p>What will happen to all the wildlife in our fields.</p> <p>Foxes,badgers,bats,rabbits.</p> <p>You will destroy their habitats. The food supply will be gone. Leave the greenbelt alone for residents and visitors yo enjoy.</p>
