Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support this application because: - it replaces an unused back garden with useful accommodation, without touching public greenfield land - it adds to housing stock in keeping with the local area - it is within walking distance (5 minutes) of the train station - similar garden-splitting has been done by several neighbours - the planned new property is in keeping with the local aesthetic - it helps cater for the ageing population

Kind regards
