Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Hillside drive is a private road and a single vehicle access. There is no passing space. There is a very high risk of accidents occurring when a vehicle is turning into the road and someone is already on the road. Old road East is a busy road and often you get caught half way across the road and unable to back up and also unable to enter the road. This results in near misses and very angry motorists who think you are just turning into just a one house drive. Any extra traffic is going to lead to a fatal accident. Unless there is another road to access the new houses and no entrance or exit via Hillside Drive all existing residence are being put in danger. Children walk home from school have no pavement to walk on, another disaster waiting to happen. I would implore you to reconsider this very dangerous situation please.

Kind regards
