Reasons for comment:

Comments:	<p>As a neighbour, I fully oppose the application to change the dwelling status to a children's home. This is a residential street and the impact to our day to day lives days will be significant as a result of the conversion. Not only is there a adult care home (type establishment) at the end of Lennox Road that causes disruption with constant police/ambulances/ frequent rotation of individuals/unsociable behaviour the addition which has had an adverse impact on the local residents. The application for a children's home will cause further detriment to the residents and is a huge concern from individuals that will come and go and the safety for residents and their families/ parking is an issue already and this will be further amplified. General feel of the area will also decrease- this is not an appropriate solution for the residential street and as an homeowner with young children I have fundamental concerns that should this be approved the detrimental impact this will have on our lives as local residents ad the constant mental stress.</p> <p>I strongly urge you to decline this request.</p>
