Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	whilst I strongly support an environmental impact survey. I vehemently object to the building proposals on this site. traffic on an already existing road that is beset with issues, exiting the site onto the a227, exasperating an issue that already exists with flooding in the white post lane/rhodededrum drive. The added strain on existing services, Dr, Schools etc in an area which already suffers from poor services. The complete disregard for existing residents and their quality of life. by increasing the local population by a considerable percentage. as well as the decimation of a natural habitat for birds and flora and fauna

Kind regards
