Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly object to this application. This is a protected Green Belt area and the trees and hedgerows have already been destroyed when the applicants transported the mobile home to the site. There is constantly rubbish down the lane and even a discarded caravan which was later set on fire. They are regularly working on the site even before permission has been granted and even though there is an injunction in place. They have access to water and electricity illegally. This is so unjust, we pay council tax and abide by the law and it seems as though these applicant don't have to. The existing site attached to this site have not followed the current planning rules and are currently living on the site in a large mobile home with utilities. This was supposed to be used as security for stables only yet nothing has been done, they have been living there for 3 years. This need to be followed up and acted on. They are getting away with it and that's when it escalates. Surely prevention is better than cure.
