Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: On 2 July 2009 Mr Justice Saunders Ordered an injunction on this land to prevent any residential use. There is no end date to this Order and it was issued by the Claimants Gravesham Borough Council against 12 Defendants. Defendant 12 is PERSONS UNKNOWN. [REDACTED] could reasonably be considered a defendant under this Order and is prohibited from using the land for residential purposes. Further, this application is being made retrospectively, in breach of the Order, as the land already has caravans on it, which have been placed there in recent weeks. This has been reported to the Council. This has caused significant destruction of trees and land surrounding the area. The punishment, for breach of the Order, as stipulated within, states "if you disobey this Order you may be found guilty of Contempt of Court and may be sent to prison or fined or your assets may be seized". On this basis, not only should this Application be refused, it should not have allowed to have been submitted. I ask that the Council enforce the Order of Mr Justice Saunders (Court reference HQ09X02792) made on 2 July 2009. I also ask for the 7 previous refused applications to be considered in conjunction with this one and that any outstanding applications or appeals be refused in line with the Order. I also ask that the illegal dwellings currently situated are removed immediately and this matter is escalated to the additional departments that are required for this to be actioned. Penal Enforcement action should also be considered for the current and on going breaches and destruction of the area in question.

Kind regards
