Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Currently there are 17 properties on Hillside Drive. A 41% increase (This planning application along with the recent application of 2 x 6 bedroom properties plus a bungalow is a total increase of 7 properties) on a single track road will generate a significant and dangerous volume of traffic. Note there is no footpath on Hillside Drive. Paragraph 5 of the KCC Highways and Transportation reply to the application has already flagged concerns. Please can I re-iterate those material concerns in my objection to the application. Further concerns are the 4 proposed properties are out of character with the rest of the road. Every existing property on Hillside Drive is different in appearance which makes Hillside Drive unique. Adding 4 identical looking properties do not compliment the character and ethos of current properties on the road. The height of the proposed properties will invade on the privacy of properties on neighbouring roads.

Kind regards
