Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Basis of my objection is the throughput of traffic in an inadequate sized entrance and road. As a parent of young children, we frequently access our rear driveway from the side access on Hillside drive and have already got concerns about speed and proximity of vehicles to our entranceway. Additionally our pillar which we are responsible for up keeping has had significant damage by large construction vehicles using the entranceway.

Kind regards
