TO HOWEVER THIS CONCERNES

I am horrified that this plan could even be considered. We paid a high price for our house & pay high rates to live in a nice desirable area 45 years ago. We were duped with the extension to the senior school which when finished was twice the size of the picture which was put through our door!!

Because of the increase in traffic on the A227 we now have to consider when we leave & return to our home because of all the traffic parked outside.

A neighbour had to drive to Medham Green & sit for 20 mins because of parked traffic she hasn't got room to swing onto her drive any more - ITS NOT OK THIS JUNCTION IS GETTING RUINED!!

Our drive is constantly blocked & it is causing bad feeling. We need to do something here!!

It is madness to consider this plan. We are surrounded by country roads that are already over loaded. We are all scratching our cars because we can't pass each other safely.

PLEASE DON'T DO THIS
