| Comments:            | <p>We are concerned that over the last few years there have been a number of planning proposals for changes to the golf club, along with rumours and suggestions of wider developments.</p> <p>Whilst we do not strictly object to these plans in their current form, we are worried that approval will set a precedent for future proposals (funded perhaps by the cash generated from this development?).</p> <p>The golf course is an integral part of our community and the value of the surrounding properties are intrinsically linked with it - we support the club in making improvements provided it does not affect the views over the course from any existing residential properties.</p> |

Kind regards
