Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We object to yet more building on open land, particularly on a busy road. From our personal aspect, directly opposite the proposed new dwellings, the reduction of sunshine & daylight is of concern. The pollution, noise & disruption during construction are also of serious concern to us, as is the inevitable fall-out of debris that will affect our property & vehicles, causing us expense & annoyance. There will be a deleterious impact on our view - both during & after construction. These new dwellings would add to the strain on already overstretched local services. We are most distressed at this proposal & hereby register our strong objection.

Kind regards
