Reasons for comment:	
Comments:	Looking at the plans it is obvious that there will be a shortage of parking places ,leading to local roads ,which have little extra capacity ,being used for parking .Also with the inevitable additional movement of vehicles the area around Echo Square will become even more clogged up especially at peak times .This will lead to more delays, increased pollution as well as increasing the number of vehicles using Park Road and Parrocks Avenue to by-pass Echo Square. If redevelopment of this nature is essential it should be scaled down to avoid the problems suggested above.

Kind regards
