Reasons for comment:

Comments: Whilst I appreciate the height of the main dwelling has been lowered on these recent 3rd set of plans it is still a huge change to what is currently at the end of the garden and will adversely affect our privacy. It is a very large residence and I have concerns over loss of privacy, noise and loss of landscaping. I am very concerned about noise from loud music at the gym immediately at the end of our garden. We live in a peaceful home surrounded by trees and gardens and respectful neighbours. I would not like to see that changed and our quality of life and enjoyment of our home affected.

Kind regards
