Reasons for comment:

Comments: To Whom It may Concern.

I am writing as a neighbour living within close proximity to the Haven and the proposed site for the new houses, for which I want to share my support.

Any improvement to what is currently there will certainly be a positive, particularly as the designs are going to be eco friendly and modern. I certainly do not see this as adding-just replacing with far better. I happen to walk past the entrance to the Haven twice daily and would look forward to seeing the improvement with the proposed designs. I am very much in support of eco friendly which will only contribute to a better environment.

I genuinely see this as a huge improvement which gets my full support.

Many thanks,

Kind regards
