Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Our local infrastructure...schools , doctors , dentists,Hospitals and perhaps more importantly day to day roads cant cope as it is with the current population never mind increasing it across four different sites and up to 250 new homes with more families. This coupled with a new data centre that will be built in southfleet will be catastrophic for the area in terms of environmental impact, gridlock and provision of local services. We dont want any new homes built

Kind regards
