Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to these plans. A McDonald's in that already congested area would add to the traffic and adversely affect the quality of the air by polluting it even further. I would expect the litter to be increased dramatically as would be noise pollution. Those of us who live nearby would be negatively impacted by increased activity. There would also be increased pressure on the already limited available parking areas. Finally by accepting this application you would almost certainly be adding to the already high levels of obesity in the country.

Kind regards
