Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to object to the proposed planning development. Sole street is a small hamlet. White post lane is a narrow road one car wide for most of its length. The land concerned is agricultural green belt not conducive to having a traveller site for 8 caravans with day rooms. This land has already been hard landscaped and there are already several caravans and motor homes on it already. The land was hard landscaped months before this application was made. There is already an 8 foot fence surrounding the site with electric gates. Rubbish is being continually burnt and dumped. The road is not suitable for the amount of Lorries that are at the moment are delivering to the site. Damage to the surrounding woodlands continues with no consequences and neighbouring land owners having to clear up the mess. The utility pipes have been put in a shallow trench through the woodland across the road from the site with no permission sought or given and in be known to the companies in question. This area had an injunction served in 2009. So mobile homes/caravans should no be allowed to be there. I cannot understand why this application would even be entertained. Especially as applications from existing residents have been turned down many times in the past.
