I wish to object to planning application number 20260649 for the reasons stated below:

- ① The congestion this is going to cause along and around the Drove Way will be appalling. During building the noise and disruption will cause worry and havoc. There is no capacity for the additional traffic and people within that confined area. There will be heavy traffic and the transmission of people to the shops and access via the A227 or New Barn Road will be difficult.
- ② There is already lack of obtaining a Doctor's appt. and the surgery is already facing difficulty with the number of patients.
- ③ There is already a water shortage - with the number of homes planned by Gravesham Council in this area and Meopham, Southern Water have already stated they will not cope - particularly if the Data Centre in New Barn Road also goes ahead - ~~even more~~ MORE TRAFFIC & WATER SHORTAGE.
- ④ We have a poor bus service - all persons living in Istead Rise are car dependent - MORE TRAFFIC
- ⑤ We need our green belt and potential to graze animals and grow crops - this country will lose

I wish to object to planning application number 20260649 for the reasons stated below:

Cont
never be self-sufficient if local councils such as
Gravesham continue to build over every little bit of
land available - even our precious green belt!!
⑥ Why must every lovely village be expanded and
expanded - until all we have is small towns
and the South East becomes a concrete jungle!
LEAVE OUR VILLAGES ALONE!!
⑦ There has already been a development of 8 flats
in Worcester close leading to a loss of Orchard.
⑧ This building does not reflect the need or
wishes of the local people. Please do not allow
this construction and the greed of developers
to override the local community

GREEN NOT GREED
