Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Parking should be relevent to the number of housing. Minimum 2 parking spaces per household. Medical centre 1 car parking space per staff which will equal 52 spaces, plus double per patient. I am not happy about the parking spilling out into park avenue as this will affect my quality of life through out the day where the old school was only during the morning and mid afternoon. The traffic on old road east during school pick up time for st johns school is stand still traffic at peak times. 54 dwellings on the site i feel is acceptable with parking and i would agree to planning but a large medical centre is just not needed. Kind regards [REDACTED]

Kind regards
