Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Another example of residential construction being rammed into existing residential areas that are already full. This development will increase road traffic in this area. Roads around the echo and valley drive and old road east are already overcrowded. It's impossible to get drs appointments in this area. Parking is getting worse. And no new schools or doctors surgeries being built. This new building project is also being built far too close to the houses in st Mary's close thus devaluing their house prices.

Kind regards
