Reasons for comment:

Comments: Good day, We do object on the proposal to redevelop the grounds of St Josephs school.
The reasons are multiple, starting to the fact that the increase of homes will inevitable cause more congestion on an already busy road and all the adjacent streets. The fact that the developer is adding a survey is to get the approval from the public but it's missing the fact that there is a massive lack of doctors and practitioners, additionally there is no parking in the area for the staff that might work in there and it's patients. The green space in the proposals cannot compensate the carbon footprint of those houses but it would be better to create a park managed by the Council for the residents.

This is not just an objection but a constructive opinion on how not to damage one of the only pretty areas in our Town.

Kind regards
