Reasons for comment:

Comments: I am contacting you regarding substantial increase in HGV's using Bush Road, Cuxton. I believe on one day there were 35 30/40 ft Lorrie's . This leads to disruption and safety issues for walkers and road users, as in parts there is not enough room to pass, and means a vehicle has to reverse to find a passing place. This is leading to damage to hedgerows and grassy banks. There is a sign at the entrance to Bush Road stating, not suitable for HGV's. The number of vehicles using Bush Road is resulting in noise and air pollution which impacts on the health of local residents. They are also talking about having a shop and restaurant by the Golden Lion in Luddesdowne which will also have an impact on traffic. I hope you will look into the HGV's using Bush Road, and consider restrictions, ie weight limits and times. We would like haulage companies to be asked to avoid using Bush Road.

Kind regards
