**Request for a scoping opinion in accordance with The Town and Country
Planning Act (Environmental Impact Assessment) Regulations 2017 in respect
of an EIA Scoping Opinion in respect of the proposed construction of 3x wind
turbines at Britannia Refined Metals Ltd, Botany Road, Gravesend, Kent.**

Dear Alison,

Thank you for consulting us on this application for an EIA Scoping Opinion.

The approach to considering Heritage is set out in Chapter 8 of the SLR document -
*Request for an EIA Scoping Opinion Britannia Refined Metals Wind Energy Britannia
Refined Metals Botany Road, Northfleet, Gravesend, Kent, DA11 9BG Prepared by:
SLR Consulting Limited Mounbatten House, 1 Grosvenor Square, Southampton
SO15 2JU SLR Project No.: 404.063945.00001 Client Reference No: SUP201 20
February 2025 Revision: 06.*

I consider that the scope and approach to assessing the significance of, and
potential impacts to, heritage (including below-ground archaeological and
palaeoenvironmental remains) as set out in this document is appropriate.

I hope that this is helpful and would be happy to discuss further.

Yours sincerely.
