**Discharge of Condition 3 – Reference 20221341**

# bla architects

The following images and information are to be used in support of the discharge of Condition 3 of Listed Building Consent application reference no. **20221341**.

Listed Building Consent was granted on Fri 24 Feb 2023 in respect of the proposed remedial works to the existing damaged roof at Ashley Down Nursing Home, 29 Clarence Place Gravesend Kent DA12 1LD.

The following images should be used for comparison, following email and telephone correspondence with Rebecca Harrison.

It was discussed that the previously installed replacement tiles that were used during the remedial works to the property were not suitable.

Subsequently, the roof has been stripped of those replacement tiles and have been replaced with tiles to match the original existing.

The following images should be used as comparison between what was installed before works to the roof stopped, and what has now been installed at the property.
