Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application because of the increase in traffic on the estate. We cannot get a doctors appointment at the moment so it will be worse with more people. The school does not have the facility for more children. There is a serious lack of bus services which makes getting into Gravesend or Meopham for the train a car only exercise which also makes the roads busier and more dangerous for the young and elderly. There is no relief road to Wrotham Road and Downs Road which puts a huge amount of traffic pressure on Upper Avenue and Flowerhill. We are only a small side road that the road keeps collapsing with all the heavy traffic coming down now. The damage to the environment would be catastrophic and the loss of our farmland will put pressure on our food security. The council should be filling brown fields sites before the greenbelt.

Kind regards
