Reasons for comment:

Comments: Further to our previous comments I would urge you to please visit 43 Essex Road to see and fully understand the effect the dormer window extension will have. Not only on No43 but also No39 Essex Road. It would create an overlooking situation which dramatically comprises the privacy of both properties. Its scale will be overwhelming and overbearing. The installation of Velux windows would be more considerate and not cause the distress of the current proposal. We trust you will fully consider these objections and the effects they ultimately will have

Regards

Kind regards
