Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: I strongly object to this application. Any development in this area will add to existing pressures on infrastructure and result in further erosion of the rural status of the area. Small developments by stealth will destroy the rural/open green spaces we and nature need.

Infrastructure should/must be improved as regards water supply, sewage disposal, public transport and improvements to existing roads etc BEFORE any new development is considered in the area.

Kind regards
