Reasons for comment:

Comments:	I am writing to express my support for car wash and his application to open a new car wash. He previously had a car wash at Morrison, but unfortunately that location was closed. He is now hoping to open another car wash at a new location and is currently waiting for the necessary permission. I would really appreciate it if you could consider his application positively and support him in getting the permission he needs. He is a hardworking and responsible person, and I believe he would do a very good job running the business and providing a good service to the local community. I am very happy to support and would be delighted to see given the opportunity to open this new car wash. Thank you very much for taking the time to consider my support.
