Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>planning seems to be progressing when no real thought or consideration has been given to the following,</p> <p>1] Environmental impact especially groundwater run off onto adjacent occupied areas which already struggle with rainwater run off.</p> <p>2] Additional stress and overload to major village resources to include Main sewer, Schools, public transport, road traffic, shops.</p> <p>No issues raised by the public during the public consultation were or could be addressed by the Contractors representatives as they were clueless how these issues would be addressed.</p>
