Address:	[REDACTED] Meopham, Gravesend

## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly object to building houses on this green field site. I live on the A227, and thousands of vehicles pass my house every day. It is like having a motorway at the end of your drive. There is terrible pollution from exhaust fumes, dust and dirt, and also light pollution from headlights. This road has collapsed several times, and the last thing that is needed is hundreds of more homes being built with heavy construction vehicles using this linear road which doe not even meet "A" road criteria as it is extremely narrow in parts. There is already a real shortage of water in NW Kent. Meopham medical centre is at capacity,along with the local schools. Public transport is very limited and cannot be relied upon, so people use their cars. It is not safe to use footpaths, as you have to cross the road five times if walking just from Culverstone Green to Meopham Green. We need fields and trees to mitigate pollution, and for wildlife to thrive. An emphatic NO to this proposed development.
