| Comments: | This development would cause the merger of two distinct villages - Meopham and Sole Street and the loss of Green Belt agricultural land at a time when it should continue to be used to improve food security. Norwood Lane, Green Lane and other local roads cannot cope with any increase in traffic. The sheer size of the development would be oppressive and have significant visual impact on existing neighbouring properties. There would be a loss of mature trees and significant impact on biodiversity. The local infrastructure including our GP surgery are already struggling to cope with the current population. |

Kind regards
