Reasons for comment:

Comments:	<p>I strongly object to the building of 120 houses off the Longfield road. The site is of high grade agricultural land that has been farmed for centuries. This land contributes to food production and the health of the nation. Any access and building adjacent to Helen Alison school is detrimental to the schools pupils. It will cause pupils alarm and sensory overload. Already the parking on Longfield road is dreadful. Longfield road is very narrow with resident's cars parked either side and it is extremely congested for most of the day particularly at school start and finish times.</p> <p>Longfield road is extremely busy and constantly in use by heavy vehicles going to the weigh bridge at Green Street Green. Any house building will ruin the conservation of the local area on Longfield road. There would be dangerous access so close to two local schools. There would be an increase in air pollution too.</p>
