Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>We need to preserve the beautiful country side (green belt) and avoid two villages merging.</p> <p>Protect the surroundings and environment - the negative effects on flora & fauna and protected species such as bats and badgers. These will be hugely affected if such an inconsiderate development takes place. There seems to be no appreciation for the historic nature of nearby listed buildings and also of the natural beauty of the surrounding countryside. Flooding is common and this development will alleviate this. Sufficient drainage is not available with the reduction in green land to help. Also vibration risk to listed buildings nearby. Traffic is already heavy at peak times and this could also affect The Street in Cobham village which is already narrow and has listed building along it and this could affect their stability.</p>

Kind regards
