Reasons for comment:	
Comments:	<p>I vehemently object to good farming land being used for housing. It is too easy to use fields that grow food crops for development and we will have to feed this increasing population and the rural infrastructure cannot support the increased number of potential residents. We need green spaces around us and to support farmers to produce food crops..</p> <p>The road network around the village is already extremely busy, the A227 is heavily used as it is, specially if major roads are blocked. Although I appreciate there needs to be housing, using good quality agricultural land is not acceptable. It should be protected for the future not used as an easy option for developers.</p>

Kind regards
