Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the development of this green belt site as the land has been illegally developed with large caravans already on site, in contravention of previous injunctions. There has been significant damage to trees and hedges along the narrow access road to the site. The damage was caused by residents of the site (or their sub-contractors) cutting trees with chain-saws to enable access for wide vehicles carrying oversize caravans and lodges. The road was illegally closed by the these individuals causing diversions to local residents. When approached the residents or their sub-contractors were aggressive and intimidating to any questions being asked.

Kind regards
