Morning Nina

I cannot see any reason to object. It will not make any current visibility requirements worse. Hopefully, it will also result in the loss or at least trimming back of the hedge visible on Google Street View, that overhangs the footway.

Hi Les,

Would it please be possible to have your comments on the above application.

I have noted application 19830909 from the planning history and its reference to highway safety.

Thank you,

Nina Goodbody
