Subject: RE: Dalefield Way, Gravesend

Dear Sean

Thank you for this reminder and I am so sorry for the delay in getting back to you on this one.

I have now managed to compare the TVAS evaluation trench layout and results with the Wessex Archaeology Evaluation which took place directly to the south. Wessex found a substantial Roman ditch and I was wondering if this ditch went through the TVAS site. But this ditch is to the south and would just miss the TVAS site anyway. There might have been more on the TVAS site but I appreciate TVAS's interpretation is that this site has been subject to substantial groundworks.

I am happy to accept the TVAS evaluation report and will pass it over to the HER team.

I will also sign the site off from any further archaeological work. I think TVAS has provided sufficient evidence of the contamination and disturbance on this site to rule out any surviving archaeology. I will try and send an email to the Gravesham Borough Council planning officer but feel free to pass this on to your client.

Sorry again for the delay.

Regards

Wendy

Dear Wendy

Are you in the office ? I have tried phoning and keep getting put through to your voicemail. I emailed on Monday and have had no response.

Can you please respond regarding Dalefield Way as soon as possible.

02/11/2016

Kind regards

Sean

Dear Wendy

Any news on Dalefield Road, Gravesend yet ?

Kind regards

Sean

Dear Sean

Thank you for this reminder and I am so sorry for the delay in getting back to you. As I am sure you are fully aware, things seem to have got incredibly busy in the field recently and we are struggling to keep up.

I will try and look at the New Chimneys WSI today – as long as somewhere there is site specific detail and reference to work being done in accordance with the generic KCC spec manual for trial trenching – this should be straight forward.

For the Dalefield Road site, I just need to check the extent of disturbance. I think this site will be signed off but I do need to double check in view of the findings of BA material by Wessx Archaeology to the south. Hopefully I will review this today too. If not it will need to be Monday as I am on leave Thursday Friday this week.

Regards

Wendy

Subject: Outstanding Sites

Dear Wendy

I am being chased by the clients in respect of two sites, about which I have written to you recently.

1) The New Chimneys, Ashford (15/01032/AS) - I sent you a WSI for an evaluation for your approval last week.

2) Dalefield Way, Gravesend - I sent you the report on our evaluation on 28th September. Our client needs to know whether there is any need for further archaeological work.

Can you please respond to me regarding these two sites as soon as possible ?

I look forward to hearing from you.

Kind regards

Sean
