Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The only shop in the village has shared space with the carpark at 36 the street, there is limited space for customers to park at the moment so this would be greatly reduced if permission was given for a large garage. Also the shop has two large wheelie bins for general waste and recycling, space is required for these bins. The Community Shop is a vital hub for the village, easy access to the car park is necessary for both old and young customers, any building in the car park would drastically reduce car park space and put customers off from using the shop.

Kind regards
