Reasons for comment:	
Comments:	As a resident of Istead rise I object to the planned development Increase in volume of traffic already an issue on the A227 and access into Istead rise Increase of traffic on the country lanes into Istead rise and air pollution The development and plant machine causing noise and air pollution Loss of our green spaces, farmland , natural habitat , local wildlife Lack of infrastructure there are no extra resources locally for school admissions and extra patients and the doctor's surgeries Uncertain water supply Limited parking at local shops and increased congestion Does not reflect a need to local people
