Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I am commenting to express my concern regarding the proposal for an additional place of worship. Given the existing availability of two large mosques, I question the necessity of another such establishment. I believe consideration should be given to alternatives that could offer broader benefits to the entire community. It is the council's duty to serve all residents equally, and I urge a thorough evaluation of how this proposal aligns with the needs of the wider community. I am disappointed by what appears to be preferential treatment toward one particular group.

Kind regards
